HISTORY OF BLUE & GOLD FLEET

Blue & Gold Fleet is proud to be the Bay Area's premier provider of sightseeing tours, including ferry and water excursion services. Our company is affiliated with PIER 39, a two-level, open-air festival marketplace which hosts 110+ specialty retail shops, restaurants and attractions, as well as a 5-acre waterfront park, 300-berth marina and the famous California sea lions.

Conveniently located on San Francisco's historic waterfront since 1979, Blue & Gold Fleet began serving the San Francisco Bay with only three passenger vessels providing pleasure cruises from PIER 39's West Marina. Our excursion service expanded in 1991 to include the Alameda/Oakland commuter ferry service to San Francisco under contract with the City of Alameda and the Port of Oakland.

In 1994, we acquired commuter ferry service between San Francisco and Vallejo under an exclusive contract with the City of Vallejo. Blue & Gold Fleet acquired the majority of the assets of Crowley Maritime's Red & White Fleet in 1997. In 2011, the company was selected to operate the San Francisco Bay Ferry System by the Water Emergency Transportation Authority. Blue & Gold Fleet is the largest ferry transportation provider serving San Francisco Bay's commuters, residents and visitors.
